

# Border Wall Draw

*Directions: On the border wall below, illustrate through graffiti the issues that are causing Latin America to emigrate their country.*

The drawing shows a border wall with three distinct sections. Two vertical pillars support the wall, and each pillar is labeled "Property of U.S.A. Border Wall". The sections are defined by these pillars and the wall's ends. The left section contains the text "Jobs and Education". The middle section contains "Government Corruption". The right section contains "Drug and Gang Violence". There are some small, hand-drawn marks on the wall, such as a checkmark on the left pillar and a checkmark on the right pillar.

**1.) How do you think Latin America can overcome the issue of Drug and Gang Violence? Explain.**
