Feature: Mediterranean Sea
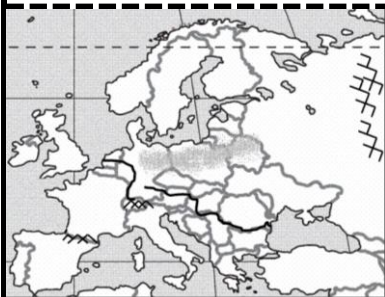

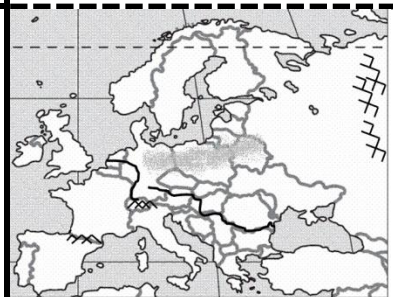

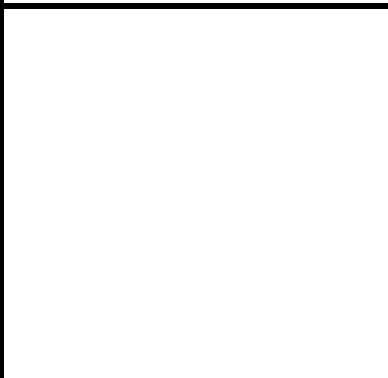

Feature: Rhine River

Feature: Iberian Peninsula

Feature: European Plain

Feature: Pyrenees Mts.

Feature: Danube River

Feature: Alps Mts.

Feature: Ural Mountains
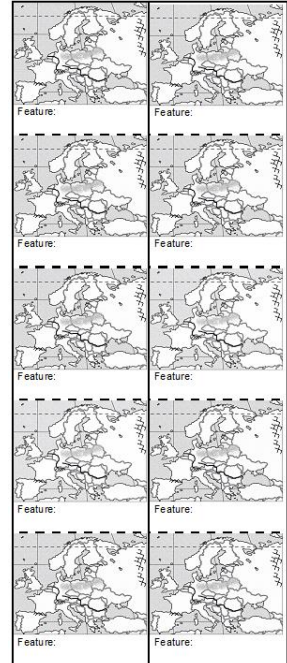

Feature: English Channel

Feature: Scandinavian Peninsula

Step 1: Turn the paper over where the images and table are on the back side.

Step 2:

Fold the two image columns forward to create a foldable where the two image columns are side to side.

See the example.

Step 3:

Cut along the dotted lines of each row to make flaps that open.

See the example.

Cut

Cut

Step 4:

Use the foldable to mark each identified feature on the small map. Open the flap and write a description of where the feature is located in Europe, and a method for remembering the location of the physical feature.
