

Create a Country Writing Project

This is a reboot of our first project of the year. At the beginning of the year, you created a government based on our studies. Now, at the end of the year, you will have a chance to start over and create a complete country in far more detail. This is meant to be fun as well as academic, so be creative!

Your paper must be at least five paragraphs long. It can be typed at home, printed or emailed to Mr. Schu (schummers@fultonschools.org), or it can be hand-written on lined paper. Any method is fine, but please remember **SURFACE TABLETS WILL BE TURNED IN THURSDAY, MAY 18TH**, and this project is not due until Friday, May 19th.

Paragraph One – Introduction/Geography

Tell us about your country! What is its name? Where is it? What continent is it on? (Europe, North America, South America, the Pacific?) What does it look like? What geographic features does it have? What is its climate?

Paragraph Two – Government

Which form of government does your country have? Will it be Unitary, Federal or a Confederation? Is it an autocracy, an oligarchy or a democracy? Who are your leaders? How do citizens participate? How do you help your citizens? Why do you think this government is the best choice?

Paragraph Three – Economy

Describe your country's economy. Is it a command economy, a free market or a mixed economy? What are your nation's natural resources? (do your resources match your geography and location?) What businesses thrive in your country? Who do you trade with?

Paragraph Four – History and Culture

Where did your country come from? What is your history? Have you fought in wars? Who are your allies? Who are your enemies? Describe your citizens. What is their dominant language and religion? What is most important to them? What do they do for fun?

Paragraph Five – The Future/Conclusion

What will the main priority of your country be in the future? Will your nation try to expand? Will you try to improve the health of your citizens? Will you try to help other nations around the world? How is your government going to make these plans happen?

This assignment is due Friday, May 19th.
